

# It's Time to STOP QUINN

## Council Member Christine Quinn:

- violated the public trust by overturning term limits without a referendum (1)
- doled out slush funds to fictitious charities, but cut funding for seniors (2,7)
- in return for huge campaign dollars, helps developers/landlords build luxury skyscrapers in NYC neighborhoods, displacing tenants & small business (3,8)
- turned City Council into a rubber stamp for Mayor Bloomberg's agenda (4)
- betrays the LGBT community when politically expedient (5)
- is one of NYC's lowest scorers on human rights (6)

Christine Quinn today is not the same person that West Side voters thought they elected in 1999. She supports real estate developers, landlords and corporate welfare—not her constituents. The September 10th Democratic Primary will be your opportunity to say NO to Christine Quinn.

## ***We're Fed Up with Quinn!***

**On September 10, you can Stop Christine Quinn from becoming Mayor.**
